

17th December 2009

Dear APC Student/Partner,

On 29 October 2009, we announced an increase in tuition fees for all our Business (VET) students from 2010. This fee increase was to affect all current and new students.

Since then, from valuable feedback from you, APC has decided that this increase will NOT affect current students for the duration of the course you maintain your enrolment for.

Only NEW students who have not prepaid before 31/12/09 will be affected.

We will continue to make significant investments to the college facilities and training delivery systems throughout 2010 and thank you for your ongoing support in making APC the premier pathway college for international students.

David Yoo
