COURSE OVERVIEW & STRUCTURE

The Advanced Diploma of Interior Design equips you with the skills and knowledge to develop creative & technical solutions for built interior environments. Interior design at this level covers the planning and detailing of complex residential, commercial and design projects with an emphasis on space creation, space planning and the factors that affect people's responses to living and working environments.

This qualification is used to develop a breadth, depth and complexity of skills and knowledge for interior design processes which follow a systematic and coordinated methodology, including research, analysis and integration of knowledge into the creative process, and knowledge of the principles of interior design and building technologies. Designs must meet the purpose, efficiency, comfort, safety and aesthetic requirements of interior spaces, adhere to regulatory requirements and encourage the principles of environmental sustainability.

ASSESSMENTS

All APC vocational courses are assessed through a combination of assessment types that may include short answer questions, studio projects, essays, reports, group tasks, portfolios and/or presentations.
