# CAMBRIDGE ENGLISH: B2 FIRST PREPARATION

Previously FCE Preparation

Deepen your grasp of English grammar. Gain a globally recognised standard of English proficiency.

## COURSE SNAPSHOT

B2 First Preparation fully equips students to successfully sit the Cambridge B2 First exam, a globally recognised English proficiency qualification accepted for employment, immigration and university pathway purposes.

The course develops all four language skills—Reading, Writing, Listening and Speaking—with a strong emphasis on fluency, accuracy and effective communication. Students expand their vocabulary, refine advanced grammatical structures and practise exam-specific strategies through authentic Cambridge-style tasks and assessments.

Classes are delivered by highly qualified and experienced teachers with expertise in Cambridge English exams. Learners receive regular feedback, personalised support and guided practice to build confidence, improve performance and meet the exam assessment criteria.

Designed for students seeking to achieve a strong B2 First result, this course provides structured preparation, expert instruction and continuous progress monitoring to support success in both the exam and real-world English use.

# ENGLISH FOR ACADEMIC PURPOSES

Prepare yourself for higher education.

## COURSE SNAPSHOT

English for Academic Purposes (EAP) is designed to develop the advanced English language skills required for success in Australian higher education.

Ideal for students planning to undertake a university degree in Australia, the course focuses on the academic skills needed in a tertiary learning environment.

Students build competency in research skills, academic reading, essay and report writing, oral presentations, and active participation in tutorials and seminars.

Classes are delivered by highly qualified and experienced teachers with expertise in academic English and Australian university expectations. Learners receive structured guidance, regular feedback and targeted support to improve accuracy, critical thinking and academic confidence.

Through practical tasks, assessments and academic-style activities, students gain the language proficiency and study skills needed to transition smoothly into university study and perform effectively in an Australian academic context.

*"I think my experience here, being surrounded by so many people from all over the world, has taught me to break down the stereotypes I've held and has helped me become a more open-minded person."*

# Student testimonials

*"I chose to study here because of a tour guide I met 4 years ago who told me about Australia and her lifestory. From that day on, I felt like Australia was very much 'me' (everything from the people to the lifestyle to the environment). Living here has given me a much more positive outlook on life. I got here 5 months ago and started meeting people from all over the world. I have so many foreign friends now who have been so kind and helpful to me and have shown me so much love. I have learnt so much from them and this amazing experience!"*

AYUMI, JAPAN (EU STUDENT)

*"I've been in Australia for 5 months now. For me, being in Australia represents opportunity and the feeling of being truly free. Here you have the world in your hands. I chose Australia because I'd already travelled the world with my husband and we were looking for something different and fresh. What I really love about Australia is that everyone gets treated equally. It doesn't matter if you're a cleaner or a lawyer, you get the same respect and I really love that."*

ANDREINA, VENEZUELA (EU STUDENT)

*"I'm from New Caledonia. Last year, I was here on a working holiday visa as an Au Pair. I just fell in love with Brisbane and Australia and so I decided to come back. It's just so multicultural here. It's like the whole world is in one place. I've learnt so much by living here and being far from my family. I've become more responsible, more mature and I know how to manage my own money. If I had to give advice to someone coming to Australia for the first time with no English, I would say: Get out there and meet people from other countries. Don't live with people that speak your language. Watch the news. Talk to people."*

SANDRINA, NEW CALEDONIA (EU STUDENT)

*"My parents gave me the nickname "Bank". This is probably because I'm so valuable to them. Just kidding! It's probably because I cost them a lot of money. I'm a freelance photographer both in Thailand and in Australia. In Thailand I take wedding pictures and organise light and sound for parties and other event such as graduations at universities. I also have a company called 'Gun-Eng' which teaches companies about team building. Initially I planned to study in the USA but failed the entry test. However, I'm glad to have had the experience of living and working here in Melbourne."*

THEERAPONG [BANK], THAILAND (EU STUDENT)

*"I've been in Australia for three weeks now. I think people in Brisbane are just so friendly and nice compared to people back in France. They are always smiley and happy. Even the bus drivers are nice. I had a very interesting experience one time. My bus stop is so far away from my house. Since I am still not familiar with the bus route, I had to ask the driver where to get off. He asked me where I lived and even dropped me in front of my house. It really made my day!"*

CAMILLE, FRANCE (EU STUDENT)

*"I'm from Bangladesh. It's been an amazing experience here in Brisbane so far, but some things are so different. Like seeing cars waiting at red lights and the relaxed Australian style. I feel safe here, so I've felt comfortable to change the way I dress a bit too. I'm even wearing jeans now. I haven't done that since I was a kid! I could never do that back home as an adult. People are much more open-minded here, so I'm learning to broaden my own mind as well. My English classes have given me the confidence to go out and interact with people on the street. I used to feel really insecure about making mistakes and people laughing at me. But what I've discovered is we all make mistakes and no-one cares if you do."*

AFRIN NAHAR, BANGLADESH (EU STUDENT)

*"I chose Melbourne because it's a popular destination for buskers. I busk selling my hand-drawn postcards. What I love about busking is that a lot of people are happy to share their stories with me and I can make a lot of friends. This is something I've never really experienced in Taiwan. I used to think everyone from non-Asian countries spoke English, especially white people. After coming to Melbourne, it's been eye-opening to see how many languages are spoken in the world. Knowing English certainly is a survival tool and I hope improving my English skills here in Australia will help me find a job in an international company in the future."*

WU MING HUNG, TAIWAN (EU STUDENT)

*"Australia has completely changed my perspective on life. I've learnt to be more respectful of other cultures, to appreciate the things I have and to be more independent. I've really just opened my mind here. In 2.5 months, I've moved up from Beginner to Pre-intermediate. I seriously couldn't understand a thing when I arrived. I remember on my first day at the airport in Sydney, I couldn't work out how to get my connecting flight to Brisbane. I couldn't understand anything anyone was saying to me! Now when I go out on the street, I can comfortably talk and understand what people are saying."*
