

MSF60122

Advanced Diploma of Interior Design

Enhance your skills and knowledge in the creation of innovative, technical design solutions for complex retail, hospitality and commercial interior design projects.

This course equips you with the skills and knowledge to develop creative & technical solutions for built interior environments. Interior design at this level covers the planning and detailing of complex interior design projects with an emphasis on space creation, space planning and the factors that affect people's responses to social and working environments.
